Dear fellow docents,

The Education Dept outdid itself this time with Graduation — from the gallery setting to the music to the Portrayal/Betrayal appetizers. What wonderful way to celebrate docents!

Thank you to Doug McElwain for his work as LM photographer, and to Brad Miller and Gina Chalmers for sending their shots. I was struck by the powerful emotion in the photos: the joy evident in our graduates; Shirley's face as she presents Carolyn's pin; Sue Skenderian hugging Shirley, receiving hers; Sneh bowing her head, hand on heart, at reference to her husband; Karen Brill's beautiful smile as she awards Gabriella; Jacqueline's beaming face; Helen's buoyant acceptance; Irene's expression as she presents Kathryn our greatest honor, Docent of the Year. You couldn't help but feel the poignancy.

But it was later, as I examined the images for this issue that I understood, perhaps for the first time, the length and strength of the bond we share as docents.

You can read it on our faces.
